Canterbury Apartments East

Mt Pleasant, MI 48858

Property Manager,

Some things need attention in our building and our apartment.

List of things that need attention building 10:

- Hallway: Light is out in the hanging entrance light
- Laundry Room: Light is not working correctly

List of things that need attention in our apartment (1628 Canterbury Trl Apt 100):

- Master Bedroom: Light does not work
- Master Bedroom: There is a crack in the caulk / seal of the window
- Living Room: The blinds are missing 22 vertical slats.
- Other Bedroom: The door does not shut (the screws are loose, and each hinge is missing two screws)
- Kitchen: A part of the floor is damaged and peeling up
- Mailbox Keys: My key does not open or close the mailbox, Cheyenna's mailbox key works, but not very well
- Patio: The screen door outer handle is missing or broken off

Respectfully,

---
