ATTN: Property Manager
Canterbury Apartments East
1517 Canterbury Trl
Mt Pleasant, MI 48858

Property Manager,

Update on Maintenance Issues:

I did not notice this until it was dark (9:50PM).

There are three lights not working (burned out or broken) in the hallway, not just one.

The maintenance guys were told of the hanging light bulb on 6/9/2025.

One said, "It is 4:30 too late to get a bulb."

These two other ceiling lights I just noticed.

The light in the laundry room still does not work.

The maintenance guys were told of this on 6/9/2025.

One of them said, "I'll get a bulb tomorrow."

They changed the mailbox lock and said they would come back tomorrow with a key for Cheyenna, and they did not.

Nothing has been said about when they will be installing a replacement dishwasher.

I do not like being told they will bring a copy of the mailbox key the next day and they do not.

Cheyenna works nights and they wake her up. They need to give a time they will be here and actually come at that time if they need to come in here and wake her up.

Respectably,

Jacob Palasek
