What inspection on 11/04/2025?

Do you claim that you sent a person to inspect this apartment?

No one came here that day.

What is an inspection to you?

You call the landlord, and they say we fixed it?

Michigan law is very obvious about what a housing inspection is.

No one inspected this place.

Do you wish to keep lying?

If you wish to continue to lie then:

Make up the name of whoever you sent here

Seems I will subpoena all of them and will they all lie for you?

Like I said ABSOLUTE proof of your failure is to send a state inspector here.

I do not trust you, you could come here today and see that the dishwasher does not work, leave then say it was fixed.

I invite you to do your job and see that for everything item you claimed was fixed, it was not.

Let me know when you will come and see, I will ask the news to come too.
