Subject: Re: Final Notice - Unsafe Refrigerator

So this is now 21 days without a safe refrigerator.

Temps over 45 deg F.

Is there a reason you will not reply to me?

I have the paperwork ready to file a lawsuit.

Eight days we cannot use the refrigerator.

What do you think a judge will think?

Do you want the news to know all about what you do here?

You need to reply to my offer and fix or replace this refrigerator or we will go to court.

Thank You,
