

EXHIBIT D - Written Notices to Defendants

Plaintiff provided repeated written notices to Defendants about the unsafe refrigerator temperatures and health hazards, including:

- D-1 - Notice dated 2/24/2026
- D-2 - Notice dated 3/5/2026
- D-3 - Final notice dated 3/9/2026

Notices span 2/24/2026 through 3/9/2026, including a final notice sent two days before filing with no adequate response. This demonstrates continuing noncompliance and supports the need for emergency injunctive relief.

Defendants did not repair or replace the refrigerator after any of these notices. These communications demonstrate Defendants' actual knowledge of the dangerous condition and their failure to act before Plaintiff was forced to seek emergency injunctive relief.
