**Subject: Formal Request for Documentation Referenced in Your Statement to the Michigan Attorney General**

**Dear Property Management,**

I am writing to formally request the documentation referenced in the February 26, 2026 statement submitted to the Michigan Attorney General's Office, which stated that there is a "pending harassment matter" involving me and that "documentation of harassing emails, threatening messages, and vulgar or aggressive voicemails is available upon request."

Because this documentation was referenced in an official response to a state authority, I request copies of all materials you referred to, including:

1. All emails you allege constitute harassment (full message text, email headers, dates/times sent, and the inbox where they were received).
2. All alleged "threatening messages" (screenshots, transcripts, dates/times, sending and receiving accounts).
3. All alleged "vulgar or aggressive voicemails" (audio recordings, transcripts if available, date/time of each voicemail, and the phone numbers involved).
4. Any internal incident reports, logs, notes, or written documentation created by management regarding these allegations.
5. Documentation for the alleged "pending harassment matter," including:
  - The agency or office where it is pending,
  - Case or reference number,
  - Date of filing,
  - Name/title of the investigator,
  - Any written complaint or report filed.

You stated this documentation is "available upon request," and I am now formally making that request.

For clarity, I have never communicated directly with any individual staff member. All communication has been addressed to the company. I had no knowledge of the identity of any individual referenced. It is not possible to personally harass someone whose identity I did not know, and all of my communications have been lawful attempts to resolve safety and housing issues.

Please also preserve all emails, text messages, voicemail files, call logs, and internal notes related to the claims referenced above. If any documentation does not exist, please provide written confirmation.

Please provide the requested materials within ten (10) business days.

Sincerely,

---

Jacob Palasek
